

Student Achievement Award

Applications are now being accepted for the Entomological Society of Manitoba Student Achievement Award. This award (in the amount of \$300) is provided annually to encourage and reward student interest in Entomology. To be eligible, students should have a demonstrated interest in Entomology and be enrolled in the final year of a Bachelor's Degree program at one of the Universities or their affiliated Colleges in the Province of Manitoba.

The Society is now seeking candidates who may be eligible and would appreciate receiving nominations of one or more students from your department for consideration by the Awards Committee. In making your nomination(s) please consider the following guidelines:

The candidate(s) for the award should be selected from students who will receive a Bachelor's degree in the current university academic year, and who have shown an exceptional interest in entomology, as evidenced by their insect collections, insect photography, published articles of entomological interest, excellence in class assignments in entomology, insect experiments or outstanding contributions during summer employment. A minimum academic standard of C+ in the final year should be attained in entomology, biology, or zoology. Candidates should be chosen from students who have taken or are currently enrolled in entomology courses at a university in Manitoba.

Nominations should be sent by post or electronically (preferred) by **October 1** to the Chair of the Society's Awards Committee, Dr. Désirée Vanderwel.

Dr. D. Vanderwel
Department of Chemistry, University of Winnipeg
515 Portage Avenue.
Winnipeg, MB. R3B 2E9.
